

Primary Industry Audit Specialist

Experts in on-farm assurance

QCONZ is a world-class audit company with over 20 years of experience.

We develop, implement and audit animal welfare, biosecurity, environmental sustainability, and food safety assurance programmes.

Our work helps businesses in the primary sector assure the quality of their products so that they can protect and enhance their reputation.

We go beyond just auditing; we actively support farmers and growers with best-practice solutions. Partnering with QCONZ means investing in a relationship that enhances long-term market access both in New Zealand and internationally.

We're here to help

ISO Certified

MPI Recognised Agency

50+ Auditors Nationwide

Experienced and Reliable

QCONZ is the leading provider of Risk Management Programme (RMP) verification for the New Zealand poultry industry and we have extended our scope to be verifiers for egg producers.

We are excited to offer our services to egg farmers nationwide.
